

CRW Newsletter

construction resources & waste platform

Welcome

Welcome to the September '09 Issue of the Construction Resources and Waste Platform Newsletter. In this edition we feature new publications from CRWP, up coming events and the latest news from the world of construction waste.

You can visit the CRWP website by logging on to:
www.crwplatform.co.uk

Publications

Last month CRWP published the Refurbishment Waste Benchmarking Report that aims to address the gap in information to the construction industry of data on waste from refurbishment projects. To download this report and other previous publications go to:
www.crwplatform.org.uk/conwaste/crwplatform-publications/

CRWP are currently working on a project looking at demolition waste and expect a report to be uploaded to the site in the next few months so keep an eye out for that report.

Further case studies, guides and reports can be downloaded by logging onto: www.crwplatform.org.uk/conwaste/other-publications/

Events

The 2009 Recycling & Waste Management Exhibition (RWM), is taking place at the Birmingham NEC from 15 to 17 September 2009. This event is free to all visitors and features over 500 exhibitors. There will be 36 free seminar sessions, and a new networking zone.

The exhibition will enable visitors to see the latest vehicles, handling and processing equipment up close. There will be suppliers of bins, recyclers of a wide range of materials, environmental consultants and waste management companies and a line up of expert speakers for the comprehensive free seminar programme which will run simultaneously over the three-day show in three dedicated seminar theatres.

For travel information to the NEC Birmingham call the customer services team on: **0845 017 6047**

How to Register

Complete the form on:
www.rwmexhibition.com/emhw
for free fast-track entry and seminar updates.

News

Would you like to see your company logo on the WRAP "hall of fame?"

Waste and Resources Action Programme (WRAP) are helping the construction sector and their clients to use resources more efficiently and halve waste to landfill by 2012.

According to WRAP, around one third of all waste in the UK, which amounts to 120 million tonnes, is as a result of construction, demolition and excavation.

Sign up by going to the WRAP website at: www.wrap.org.uk and have your company added to those on the WRAP "hall of fame."
